8:35 **Presentation**

Cheque presentation to The Ottawa Heart Institute

THIS YEAR WE WILL DONATE ALL PROCEEDS TO THE OTTAWA HEART INSTITUTE.

The University of Ottawa Heart Institute is Canada's largest and foremost heart health centre dedicated to understanding, treating, and preventing heart disease. We deliver high-tech care with a personal touch, shape the way cardiovascular medicine is practiced, and revolutionize cardiac treatment and understanding. We build knowledge through research and translate discoveries into advanced care. We serve the local, national, and international communities as we pioneer a new era in heart health.

The best patient care is not feasible without vibrant research and education. Today's research is tomorrow's treatment. This is a reflection of the natural flow of knowledge from "bench to bedside," from scientific discovery to new forms of treatment. Without research and education, our quality of care could not be maintained.

One of the defining aspects of the University of Ottawa Heart Institute is the degree to which care, education, and research are increasingly integrated.

The Heart Institute is populated with surgeons who teach and conduct research, cardiologists who undertake basic science, and investigators who operate clinics. As a result, multidisciplinary and integrated teams, expert at spanning the areas of education, research, and patient care, are typically formed to undertake new projects and ventures.

Everyone at the Heart Institute is passionate about curbing and eradicating heart disease.

We do extraordinary things extraordinarily well. Here are just a few examples:

- Caring for more than 100,000 patients each year
- Providing cardiovascular training to more than 100 physicians annually
- Setting new cholesterol standards for the country
- Launching a protocol that has cut deaths from heart attacks by 50%
- Connecting with more than 2,000 patients via our telemedicine program every day
- Discovering a gene that increases the risk for cardiovascular disease by 40%

Our Event Partners (continued)

The West Ottawa Board of Trade is a nonprofit, nonpartisan business association, 500 members strong. Our mission is to create a prosperous environment in which businesses and individuals thrive. We focus on economic development and high quality business services. We work with community stakeholders at all levels of government. We help businesses contribute, connect, learn, promote and save. We are leaders. We are advocates. We are change makers. Volunteers are our lifeblood. Collaboration, integrity and transparency are at the heart of everything we do.

The Barrhaven Lions Club is a volunteer organization, chartered on April 11, 1980 to serve the then new and growing community of Barrhaven. In addition to serving our local communities, Lions were given a unifying purpose in 1925 by Helen Keller when she implored "I appeal to you, Lions—you who have your sight, your hearing, you who are strong and brave and kind—will you not constitute yourselves Knights of the Blind in my crusade against darkness?" From that time forward, Lions have been active in the fight against preventable blindness throughout the world.

The Barrhaven Lions Club is currently 35 volunteer members strong and typically raises and expends about \$45,000 every year. Since our formation, club members have raised well in excess of \$1.3 million dollars. All funds raised from the public are returned to the public through our many projects and donations. None of these funds are used to support the administration of our club nor received by any Lion Club member.

Our charitable donations span local, provincial, national and international jurisdictions with amounts ranging from \$100 to \$4,000. We have a number of annual activities in support of our community and specific requests supporting individuals in need of assistance. Our motto "We Serve – Nous Servons"

Our Event Partners

The Barrhaven Business Improvement Area was created in 2006 to help all local businesses succeed by establishing Barrhaven as a premier shopping, business and entertainment destination. All commercial taxpaying businesses, property owners and professional service providers in the Barrhaven area belong to the BBIA. The BBIA works to create optimum conditions for all Barrhaven businesses to flourish. That means promoting Barrhaven as a prime shopping area, lobbying for 'smart growth' in the community and providing local businesses with tools for success.

The Rotary Club of South Nepean has been active in Barrhaven and the surrounding communities since 2002. We are proud to be affiliated with Rotary International and its strong record of international and local community service. Our Club has several important events each year including the "Taste of Barrhaven" and "Fall into Fashion". We support a variety of local and international causes with our fundraising. Our members are from diverse backgrounds and united in what we collectively do for our community. We welcome membership enquiries from community members who wish to join us in service and fellowship. We meet for supper on the first and third Thursday of each month.

The Royal Canadian Legion is Canada's largest Veteran support and community service organization. The Barrhaven Branch 641 also provides services for seniors, youths and also helps funding to meet the needs of local hospitals and clinics. However, the main purpose is to assist those serving members of Canada's military, veterans, and their families who are suffering from severe wounds, physical or mental, acquired while in combat or when carrying out peacekeeping missions abroad. We also participate in the remembrance of those men and women who made the ultimate sacrifice for our Country.
